**Reflecting**

- Considering the things you wanted to “do and learn”, what did you do and learn?
- The following questions are to guide your thinking as you reflect on the past year in this project. These questions are not meant to be answered by you in a list format. Think about: What didn’t go as planned? What did you do about it? What did you learn as a result? What would you do differently? What did you learn about yourself? What skills did you learn? How will you use these skills in other areas of your life? What kind of interaction with adults did you have? How did this help in learning about your project?
- Add a page(s) with pictures or drawings. Pictures or drawings must be captioned.

A large rectangular area with horizontal lines for writing, intended for student responses to the reflection questions.
