

JEFFERSON JAMMIN' J.A.G.S.

Jefferson Activities Going Strong!

Our Vision

Engagement: Students are actively involved with exciting new learning opportunities.

Consistency: Students attend regularly and make continuous progress.

Success: Students achieve improved academic, social skills and more confidence!

The Mission

We focus on strengthening academic achievement and social growth by offering unique learning opportunities in safe, enjoyable and nurturing environments.

These programs are being funded by appropriated grant funds from the state of Wisconsin awarded to Jefferson. Tutoring, Enrichment and Lighted Schoolhouse are great services provided to all students. The Jefferson Elementary Staff look forward to engaging with you and your child(ren) in these great learning opportunities!

Tutoring

The purpose of *tutoring* is to help students help themselves and to assist or guide them to the point at which they become independent, successful learners.

Tuesdays and Thursdays from 3:00-4:00 pm, students have the opportunity to participate in small groups or receive one-on-one support for Reading, Math and Language Arts.

Tutoring Coordinator

Lighted Schoolhouse

The Lighted Schoolhouse activities invite students, families and community members, to participate in academic and enrichment opportunities the third Monday of every month from October through April. Our goal is to make our school open and available to all of our partners by creating a range of formal and informal learning activities available even after the regular school day is over.

Enrichment

Enrichment is designed to enhance student learning through a series of explorations. The program helps students learn about the interpersonal relationship between our population and the community; we have hands on approaches for nutrition, artistic creations, physical fitness for a lifetime, and don't forget our musical adaptations to our unique program. Enrichment occurs Tuesdays and Thursdays from 3:00-5:00 pm.
