- **External:** flea, tick, lice, mites (ear and mange)

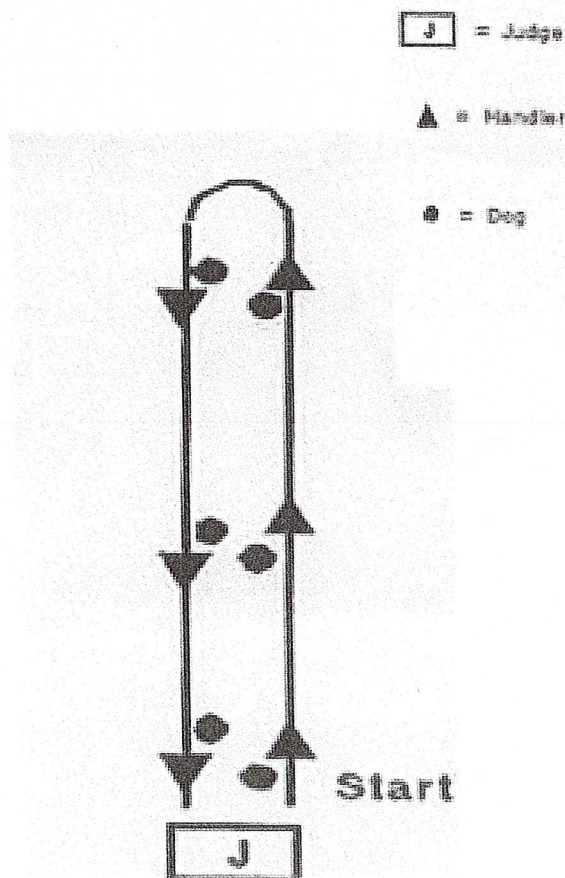

Lincoln County 4-H Dog Project- Showmanship

Stacking: Stacking your dog is essentially setting your dog up square (front feet are in a line and back feet are in a line). Start by placing the front foot closest to the judge, followed by the front foot closest to you. Back feet are set up last, starting with the hind foot closest to the judge and finishing with the hind foot closest to you.

Gaiting: a controlled trot

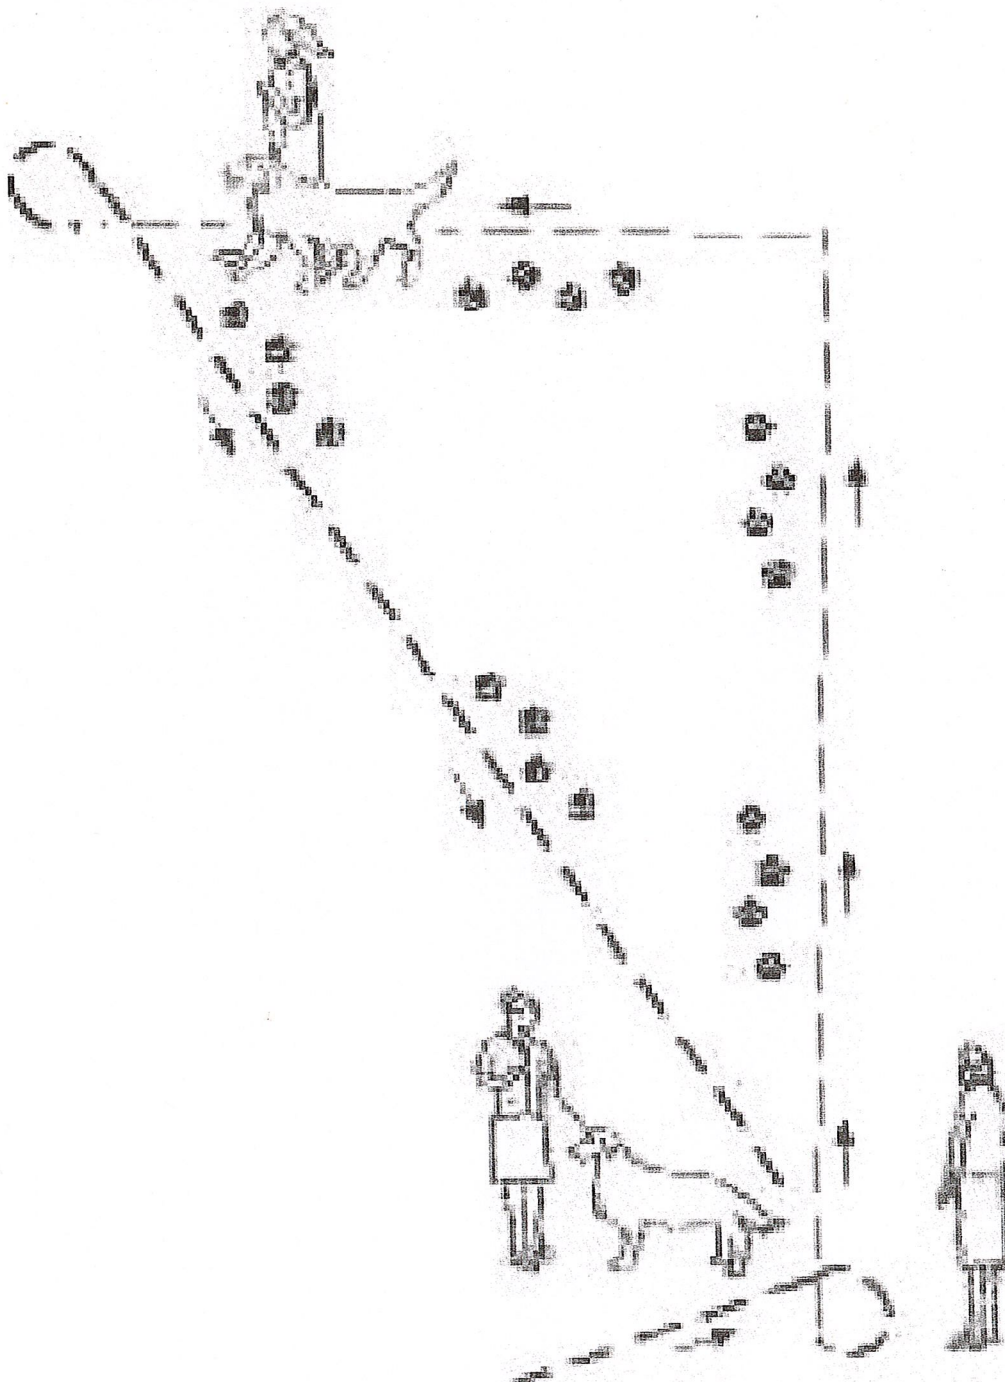

Patterns:

Down and Back
